

Psuedo nitzchia

I am a TOXIC phytoplankton.

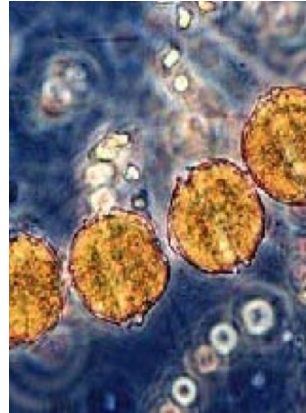

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Alexandrium catenella

I am TOXIC phytoplankton.

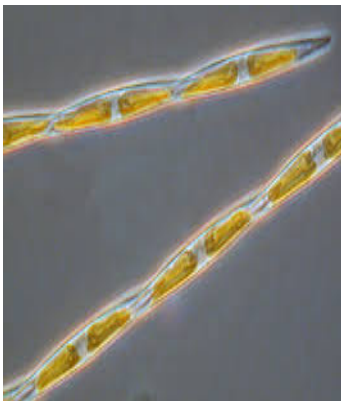

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Psuedo nitzchia

I am a TOXIC phytoplankton.

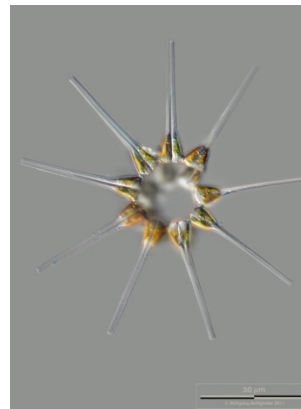

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Asterionellopsis

I am phytoplankton.

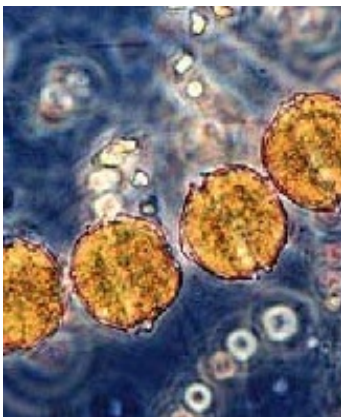

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Alexandrium catenella

I am a TOXIC phytoplankton.

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish, large fish and baleen whales.

Chaetoceros

I am phytoplankton.

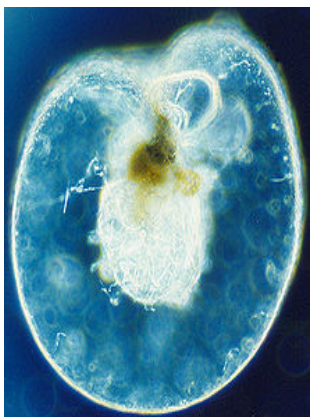

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Noctilucales

I am a phytoplankton.

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Asterionellopsis

I am phytoplankton.

What I like to eat:

I use energy from sunlight to turn CO₂ into simple sugars that I use for energy.

What likes to eat me:

Zooplankton, small fish and shellfish.

Copepod

I am a crustacean.

What I like to eat:

Phytoplankton.

What likes to eat me:

Small fish and snails.

West Coast oyster

I am a mollusk.

What I like to eat:

Phytoplankton.

What likes to eat me:

Snails, sponges, crabs, sea birds and starfish.

Pacific geoduck

I am a clam.

What I like to eat:

Phytoplankton.

What likes to eat me:

Sea stars, dogfish, and sea birds.

North Pacific krill

I am zooplankton.

What I like to eat:

Phytoplankton.

What likes to eat me:

Other zooplankton, small fish, some large fish and baleen whales.

Humpback whale

I am a baleen whale.

What I like to eat:
Phytoplankton.

What likes to eat me:
Killer whale and larger sharks.

Chinook salmon

I am a large fish.

What I like to eat:
Small fish.

What likes to eat me:
Sea lions, shark, toothed whale, and humans.

Pacific halibut

I am a large fish.

What I like to eat:
Small fish and other large fish.

What likes to eat me:
Sea lion, shark and killer whales.

Lingcod

I am a large fish.

What I like to eat:
Small fish, invertebrates, small octopus and other large fish.

What likes to eat me:
Sea lions, seals, other large fish and humans.

Dogfish shark

I am a shark.

What I like to eat:
Small and large fish, crustaceans, and marine animals.

What likes to eat me:
Other shark, seals and killer whale.

Stellar sea lion

I am a marine animal.

What I like to eat:
Small fish, large fish and mollusks.

What likes to eat me:
Shark and toothed whale.

Vellela vellela

I am a zooplankton.

What I like to eat:
Krill and small fish.

What likes to eat me:
Fish and other jellyfish.

Dungeness crab

I am a crustacean.

What I like to eat:
Clams, other crustaceans,
and small fish.

What likes to eat me:
Other crabs, larger fish, and
octopus.

Pacific herring

I am a small fish.

What I like to eat:
Zooplankton and other
small fish.

What likes to eat me:
Sea birds, large fish,
sea lions and humans.

Zoea

I am a crustacean.

What I like to eat:
Phytoplankton, fish larvae
and other small fish.

What likes to eat me:
Sea birds, large fish,
sometimes other small
fish.

Sardine

I am a small fish.

What I like to eat:
Phytoplankton.

What likes to eat me:
Sea birds, shark, large
fish and humans.

Great white shark

I am a shark.

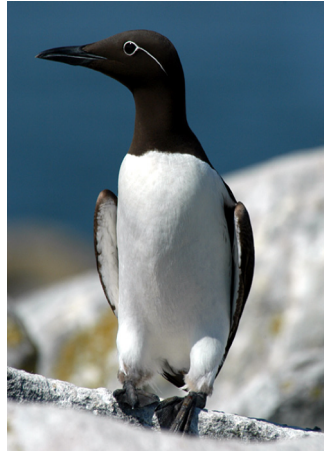

What I like to eat:

Marine animals, sea birds, large fish.

What likes to eat me:

No one eats me except on rare occasions, the Killer whale. I am a top predator.

Common murre

I am a sea bird.

What I like to eat:

Small fish, marine worms, mollusks and crustaceans.

What likes to eat me:

Sea lions, eagles, and shark.

Killer whale

I am a toothed whale.

What I like to eat:

Large fish, sea birds, marine animals and baleen whales.

What likes to eat me:

No one eats me. I am a top predator.

Science teacher

I am a human.

What I like to eat:

Zooplankton, small fish, large fish.

What likes to eat me:

I am not their preferred meal, but the Great white shark and the Killer whale could eat me.
